Eleven Men Are Nominated For The Town Council--Dr. Dawes Is The Unanimous Choice of Meeting for Clerk of School Board

J. M. Wheeler
W. H. Lewis
D. Sinclair
F. Matheson
F. C. McCormack
Nels Moen
Charles Nelson
Ole Johnson
C. E. Weber
T. J. Case
F. C. Miles

These are the names of the men nominated at the caucus last night for Town Councilmen: While Nels Ronneig, J. G. Grant and Al. Osborn were also nominated, but declined to run.

Dr. L. P. Dawes was the unanimous choice of the meeting for School Clerk.

After the nominations had been made a motion was put before the house that the different nominees present state their positions on the matter of levying a two per cent. tax for the purpose of wiping off the indebtedness on the water system, which was done as follows:

Moen:—I favor a two per cent tax so that the debt can be paid, and then let us make extensions and any thing else in the way of public improvements that the town needs.

Case:—I want a two per cent tax to wipe out this debt.

Johnson:—I favor a two per cent tax, and I want to see it made easy for the people to get water connections with the mains, and if

elected I will see to it that none but competent men are employed on public work.

Matheson:—I am opposed to the two per cent tax levy because it would probably result in litigation. I think there are other means we can use to raise the necessary cash to take care of town indebtedness and current expenses.

Weber:—I'm opposed to a two per cent tax.

Wheeler:—

If the majority wish the two per cent tax, I will vote for it. I think that we should avoid the possibility

of litigation if possible and work for the welfare of the town as a whole.

Lewis:—If the town needs a two per cent tax, I shall certainly vote for such a tax to be levied. It would undoubtedly work a hardship on some; but if the majority of the voters favor it, I'm for it.

McCormack:—I have been a member of the town council for a long time and have seen how difficult it has been sometimes to collect one per cent tax, and I am loath to double that difficulty and trouble by doubling the tax. And so it is that if we can get along without being absolutely compelled to increase the taxation rate I am opposed to a two per cent tax.

Frank Smith, H. D. Campbell, Campbell, J. Grant, Judge Thomas, Nels Ronneig and L. M. Churchill were called on and each gave his opinion for or against the tax question. The latter especially favoring any legitimate means to put the interest bugbear out of business, because until it was settled it was practically impossible to make any extensions of the mains to people living in other parts of the town who were as entitled to fire protection as are the business interests of the town.

And then the meeting, of which Mayor McCormack was the chairman, and J. E. Worden was the clerk, adjourned.

Some Excellent Music

Mrs. J. E. Worden's Class of 1911 gave a piano recital at the Worden residence last Friday evening. The excellence of the work of the young folks came as a surprise to many of those present and speaks well for Mrs. Worden's ability as an instructor. Those taking part on the program were Edna Sinclair, Wm. Lewis, Jr., Liberty and Lynn Worden, Belle Hood, Lawrence Taylor, Alice Kincaid, Amanda Horgheim, Talitha Ensley, Gussie Leonard, Annie Lewis and Grace Wigg.

Tannhaeuser Opening

Mine Host Charley Borch had a house full of visitors at the formal opening of his new saloon, The Tannhaeuser, last night, and well they enjoyed themselves. An elegant luncheon was spread under C. Denny's direction to which all did ample justice. If last night may be taken as a criterion, and it can, there need be no doubt that The Tannhaeuser will be a success. Charley is having the place made one of the most comfortable refreshment institutions in Southeastern Alaska, and while he is meeting with a little delay in getting the interior decorations completed owing to the non-arrival of the wall paper, still he invites his many friends to call anyway, say hello, and sample his excellent stock.

Thanks Alaskans

Governor W. E. Clark has sent the following to the Sentinel with the request it be published:

Seattle, March 7, 1911.
Governor Walter E. Clark,
Juneau, Alaska.
Sir:

A number of Alaskans have very generously contributed to the funds and supplies which have been collected in Seattle for the purpose of sending to the relief of my fellow countrymen in northern China, and hence I desire to express to those Alaskans through you the great thanks which my countrymen feel for those noble deeds.

Yours very respectfully,

Goon Dip.

Imperial Chinese Consul.

Presbytery To Meet

The Presbytery of South Eastern Alaska will meet at the local Presbyterian Church, Monday, April 3rd, 1911, with the following pastors in attendance: Falconer of Kluckwan; McLean, of Hains; Jones and Stephens, Juneau; Bromley, of Sitka; Good, of Hoonah; Wagner, of Klawock; Marsden of Saxman, and Clark of Wrangell. In addition to these gentlemen several lay-workers will be present from the different points of church activity.

Every home should contain a bottle of Nyal's Vegetable Prescription. Perfect health in women results from its use. The constant strain imposed upon the functional organs will result in complete collapse unless the system is strengthened.—Shurick Drug Co.

Petersburg Notes

The Misses Christine Lemieux and Marie Thomasen of Wrangell were Petersburg visitors last week.

Town politics are beginning to open up here. Wm. Stedman, formerly of Wrangell, has been named as a candidate for the council.

Work on the new foundations for the boilers of the P. C. & N. Pk'g. Co.'s sawmill at this place is under way at last. Bert Tucker has charge of it and is doing a good job.

Word has been received that the Alaska Road Commission has decided to build a wagon road between this place and Scow Bay, during the present season. Such a highway is badly needed and will prove a great benefit to both places.

Judge Miller and family left on the Humboldt for the states. There seems to be little likelihood of anyone being appointed to succeed him as judge in the near future.

If he should come tonight--- THE THIEF

THE thief comes prepared—prepared to take your valuables. Carries the necessary tools. Is expert in their use. One of his tools is the revolver. In plain words, he is prepared to take your life. His deadly intent and expertness makes up for his revolver's awkwardness and slowness.

You have neither expertness or deadly intent. You cannot afford to stake everything upon a wrist-straining, trigger-flinching, slow-as-molasses firearm. Settle this matter to-day for the sake

of your family. Get the Savage automatic. The only gun that points straight, shoots true, fires fast, without practice. It is the only gun you can shoot straight anytime you pick it up. Ten shots, one to a trigger pull. Reloads a fresh magazine of ten shots in a flash. Our free book "The Tenderfoot's Turn," by Bat Masterson tells why you point the Savage instinctively true. HEALTH Costs Little

It requires but a few minutes each day to fortify the system against such dread diseases as Rheumatism or Bright's Disease.

Impaired action of the kidneys is the forerunner of these two diseases, and if prompt and effective treatment is not begun it often means either of the two.

The time required to take a few doses of

NYAL'S Stone Root Compound

and the cost of a bottle of it are a minor consideration when compared with the misery and expense associated with chronic kidney troubles, Rheumatism and Bright's Disease.

Trouble For Fish Buyers

Trouble with a big "T" seems to be looming up in front of local fish buyers. It appears that the fisherman have gotten the idea into their heads that the old rate of 75c. for red salmon is not enough, and now are demanding, and in some cases making the demand stick, that five cents per pound be paid for the fish just as it comes from the water. The greater number of the buyers say that such a price is prohibitive when compared with the going rate received for the fish on the Sound, and the probabilities are that they will give up buying and handle only what they can catch themselves. The mild curers say that it will simply put them out of business.
